Choking and Coughing Not Worth
Enduring for "FRUIT-A-TIME"

FRUIT-A-TIME

"The 1922 Test Tubes with Bacterial
Action and so on as follows what I
suffered with Coughing and
Choking during Coughing—gaping
for breath and could not speak.
I would have used of them had applied
in the evening, one during the night,
and one in the morning. The doctor
said he could do nothing for me.

"In the spring of 1922, I started
using 'Fruit-A-Time' and in a few
days, the choking stopped, and
I have had none since May 7th,
1922. I have written to tell other
sufferers who have the same trouble
about 'Fruit-A-Time' for I know how
they must feel.

Since I thought the Asthma would
come back on me as winter came on
but it has not, thanks to 'Fruit-A-

The Standard of Compeerism

A Car of Rare Beauty the New McLaughlin Buick Sedan for 1923

Exquisitely appointed and of rare beauty, the 1923 McLaughlin-Buick seven-passenger sedan possesses the many special qualities which fastidious motorists for years have looked for in a motor car.

The body, by Fisher, is low and easy to enter. The interior is luxurious with rich plush upholstery and trimming. Deep, yielding seat cushions and springs of a distinctive type afford a new degree of restful riding comfort on any road.

With these qualities, which make the 1923 McLaughlin-Buick sedan an ideal car, go the dependability and performance which are inseparably linked with the name McLaughlin-Buick.

MORRISON BROS. FARMERS' SUN

Shareholders' Meeting Results in Victory for the Anti-Dry Element

Toronto, Sept. 6.—A vote for proxy was given by the shareholders after a long and hot fight, by the Farmers' Sun, to the effect that the liquor traffic be legalised and the liquor tax be reduced.

The Dry-Elementists broke their afternoon at two o'clock and eventually through the Labor Temple was the vote.

Nominally it was the fourth annual meeting of the shareholders of the Farmers' Sun Publishing Company, but the real business of the meeting was the election of a board of directors and the amendment of the constitution.

In reality, however, it was a struggle between the Farmers' Sun and the "Prohibition" party, and the "Prohibition" party was defeated. The Farmers' Sun, which is a weekly paper, is a weekly paper, and the "Prohibition" party is a party of the "Prohibition" party.

GREEK THRONE

Return of Venizelos is Probability of Turn of Events at Athens

Paris, Sept. 10.—The seething ferment of Asia now seems to have been transferred to Athens through the returned troops, despatches from the Greek Capital may, and there is much talk of Constantine's second descent from the Throne and the return of Venizelos to power.

The Greek soldiers evacuated from Smyrna were ordered taken to islands in the Aegean Sea, there to be disarmed and demobilized, so as to avoid possible trouble in Athens, but the soldiers are

supported to have threatened the sailors' lives and compelled them to steer for Piræus, the port of Athens, where they disembarked and marched through the streets shouting insults to the King and demanding the return of Venizelos.

The abdication of Constantine is being openly discussed and the newspapers are demanding the return of Venizelos. The Royalists, however, are protesting vigorously and insisting upon the choice of General Metaxas as the candidate which the King must have.

London, August 23.—(By Mail).—The moment a popular *magister hyems* gets out of jail he starts for Buckingham Palace with a brick and hank and begins looking for a chance to throw it at the King or some member of the Royal family.

There was threatened from the police force some thirty years ago and as it developed into a crime, the King was obliged to flee to France. The police were disturbed, however, and has been imprisoned repeatedly for trying to create a disturbance. When he is locked up he starts hugging himself. When the police doctors think he had gone hungry as well as he can do so safely, he is released.

Recently he made a speech in Trafalgar Square and threatened to do for the King what he did for the Queen. He was again arrested and again released.

CANADA DEVELOPS IN PAPER INDUSTRY

**Dominion is Destined to
Lead in Production of
Wood Pulp**
Gowen, N.Y., Sept. 13.—(By Canadian Press.)—The common interest of Canada and the United States in the paper manufacturing industry was explained by Edward Leach, manager of the Canadian Pulp and Paper Association, in an address here today. He made a plea for a mutual understanding of what each country should mean to the other in this respect.

He declared that Canada is destined soon to enter fully into the production of wood pulp, newsprint and coarse grades of paper, to which she is fast overtaking the United States, her chief rival, as well as to become an increasingly important factor in the production of fine and superfine papers.

Gowen is a paper mill town and the site of several mills owned and operated by the Canadian Pulp and Paper Association.

GRASSHOPPERS INVADE BROADWAY

**Lively Insects do Stunts Along America's Famous
Thoroughfare**
New York, Sept. 13.—Broadway has received another shock. Grasshoppers have invaded the city, causing the speculation that things are so slow along America's most famous thoroughfare that grass is growing in the cracks in the street pavement.

And not only that, but the more ambitious of the long-legged visitors are making their headquarters on the narrow street, while that runs around the clock face of the Waldorf-Astoria Hotel just above Broadway.

Tramcars stop at structures upon their arrival, as business find away from a dense to fifty grasshoppers doing their stunts and no matter how often the vibrations are awoken off the street the next day a new squad is on hand to greet them.

Members of the New York Zoological Society are at a loss to account for the grasshopper attack except to say that high winds from New Jersey probably were responsible for wafting them across the Hudson. It such is the case, they said, New York would much rather the winds blow the other way.

Cracked Out They Played

Like Novices, Says Pet-

ersboro Sporter

Pettersboro Examiner speaks on

Pettersboro team

Belleville won the 1922 champions

of the Central Ontario League

By smothering Peterborough 13 to

0 in three games of the play-off

series at Oshawa Wednesday, the Red

generals captured the Johnston Cup

for the second time.

From a Peterborough standpoint,

pettersboro's "victory" (others) was a

complete loss, for before the start of

the first game, both sides agreed that

the team had fought better one of

the teams in the league. They were

right, and pettersboro was

in luck. They made it all, cracking as far

as they could. It was difficult

to imagine that they were the same

team that had played such brilliant

baseball against Belleville on Saturday.

In the most vital game of the season

they simply could not get on their

feet, losing in a long odds

defeat by the score of 13 to 0.

The reason for this was the

fact that the team was so

out of shape that they were

unable to play at all. They were

so out of shape that they were

unable to play at all. They were

so out of shape that they were

unable to play at all. They were

so out of shape that they were
